# Frenetic folk outfit joined by world renowned accordionist

**Internationally respected, West country based, frenetic folk outfit Diskan, have made the signing of the Summer, by bringing in world renowned accordionist Karen Tweed.**

**Drawing inspiration from a rich, and varied selection of musical styles, traditions, and countries, the new expanded, and exciting line up will be entrancing audiences with a series of concerts throughout the next year.**

Already a dynamic musical force, Ivan, and Marc Miletitch, and Mark Evans recognise that the addition of five times All Ireland Accordion champion Karen Tweed will add a new breadth, depth, and diversity to their already unique sound.

Ivan, equally adept on guitar, bouzouki, and fiddle has graced stages worldwide performing Irish, and Breton music as part of the revered musical outfits Long Acre, and Killorglin. His use of melody, and harmony has attracted fans, and devotees over a 20 year period of time.

Marc meanwhile spent his formative years as the bassist in rock bands The Steaming Heads, and The Arquettes, and as well as his distinctive fretless bass work, he also adds solid guitar work to the sound of Diskan.

Making up the original trio is accomplished singer, and multi instrumentalist Mark Evans. Adding haunting vocals, flutes, and bouzouki to the Diskan sound Mark's love of the traditional songs of Britain, and Ireland, and a highly acclaimed solo album 'Carnival Hearts' to his name, Mark has won many admirers from all corners of the globe.

...And now to this we can add the mesmerising, and innovative accordion playing of Poozies, and Swåp member Karen Tweed. Finding time in her busy musical schedule to work with musicians she greatly admires, Karen's deft, and dexterous playing has won her legions of fans worldwide. Whether she is teaching the art of the accordion, making her own albums, or gracing the recordings of other musicians, her passion for music is universally acknowledged, and it is this that has drawn her to work with Diskan.

The end result is stunning, and if the addition of the remarkable Tweed is not enough then for a selection of concerts they will also be joined by well respected Fiddler, and Yorkshire based promoter of Irish music Des Hurley.

A potent mix of boundless energy, original musicians, and talented people combined in one outfit, Diskan are a fresh sound in the world of traditional music.

No make that, Diskan, a fresh sound that the world at large has been waiting for, for they are that good.
